## Business, in the company's words

*opening of Item 1 of the 10-K received Mar 16, 2026*

" for further discussion of the effect of competition on our operations. Our business is seasonal, and adverse events during the fourth quarter could materially affect our full-year financial results. Our highest sales periods are during the Christmas and Easter seasons, and we generally realize a disproportionate amount of our net sales and our operating and net income during the fourth quarter. In anticipation, we stock extra inventory and hire many temporary employees to prepare our stores and help ship product from our distribution centers. Lead times for seasonal product purchases are longer and could result in inventory markdowns if sales do not meet expectations.
