## Business, in the company's words

*opening of Item 1 of the 10-K received Mar 5, 2026*

Tango Therapeutics was founded with a clear mission: to discover the next wave of targeted therapies in oncology by addressing the specific genetic alterations that drive cancer. We leverage our state-of-the-art target and drug discovery platforms to identify novel disease-relevant targets and develop medicines tailored to defined patient populations with high unmet medical need. Our novel small molecules are designed to be selectively active in cancer cells with specific genetic alterations, killing those cancer cells while sparing normal cells.
