Business, in the company's words

opening of Item 1 of the 10-K received Jun 5, 2026

Transition to consumption-based business models may adversely affect our revenues and profitability in other areas of our business, potentially harming our business, operating results, financial condition and cash flows. We offer customers a variety of consumption models, including cloud-based storage services and storage-as-a-service (STaaS) delivered on-premises. As these business models continue to evolve, we may face challenges in competing effectively, generating significant revenues, or maintaining the profitability of our consumption-based offerings.
