Business, in the company's words

opening of Item 1 of the 10-K received Feb 18, 2026

- Regulatory Matters - Overview discussion above. Examples of the potential impacts Brexit on our business, financial condition or results of operations include: changes in foreign currency exchange rates and disruptions in the capital markets. For example, a sustained period of weakness in the British pound sterling or the euro could have an adverse impact on our liquidity, including our ability to fund repurchases of our equity securities and other U.S. dollar-denominated liquidity requirements; shortages of labor necessary to conduct our business; disruption to our U.K. supply chain and related increased cost of supplies; a weakened U.K.
