- Major Brands" of this Annual Report on Form 10-K for information regarding market share. We compete for consumers' attention based on a number of factors, including brand recognition, product quality, performance, value to consumers, price and product availability at the retail level. Advertising, marketing, merchandising and packaging and the timing of new product introductions and line extensions also have a significant impact on consumer buying decisions and, as a result, on our market share and our sales. Our markets are highly sensitive to the introduction of new products, which may rapidly capture a significant share of the market.
