Business, in the company's words

opening of Item 1 of the 10-K received Feb 26, 2026

Our growth would be impacted if the markets into which we sell our products and services decline, do not grow as anticipated or experience cyclicality. Our growth depends in part on the growth of the markets which we serve. Any decline or lower than expected growth in our served markets would diminish demand for our products and services, which would adversely affect our financial statements. Certain of our businesses operate in industries that may experience periodic, cyclical downturns. Our business is affected by general economic conditions and related uncertainties affecting markets in which we operate.
