that was incorporated under the laws of the State of Delaware in February 2005. We are focused on developing new drugs by reformulating the active agents in existing generic drugs and optimizing these reformulations for new applications. of the cost efficiencies and risk abatements derived from using existing generic drugs with potential patent protections for our proprietary formulations; this strategy allows us to expedite, protect, and monetize our product candidates. Additionally, we maintain a therapeutic focus on diseases with significant, unaddressed morbidity and mortality where no approved drug therapy currently exists.
