Business, in the company's words

opening of Item 1 of the 10-K received Feb 20, 2026

At December 31, 2025, we held a total of 583 active patents in 18 countries worldwide, including 445 active U.S. patents. The overall profitability of any operating segment is not dependent on any single patent, trademark, license or franchise. In support of our goal to attain zero incidents, we seek to mitigate risks across the enterprise through a comprehensive Health, Safety and Environmental (HSE) management system that systematically identifies, assesses and manages risks to safeguard employees, contractors and the environment.
