Business, in the company's words

opening of Item 1 of the 10-K received Mar 9, 2026

We are a clinical-stage biotechnology company dedicated to developing potentially best-in-class therapies for patients living with severe autoimmune diseases. Our lead clinical-stage candidate, claseprubart, is a monoclonal antibody that is purposefully engineered with extended half-life, improved potency, and high selectivity for only the active C1s complement protein ("C1s") - enabling less frequent and more convenient self-administered subcutaneous ("S.C.") injections suitable for a pre-filled pen.
