Business, in the company's words

opening of Item 1 of the 10-K received Feb 9, 2026

Our vision is a world in which every item that enterprises manufacture, transport and sell, and that people own, use and recycle, is wirelessly and ubiquitously connected to the cloud. And a world in which the ownership, history and linked information for every one of those items is seamlessly available to enterprises and people. We call our expansive vision a Boundless Internet of Things, or IoT. We design and sell a platform that enables that wireless item-to-cloud connectivity and with which we and our partners innovate IoT solutions. Our mission is to connect every thing.
