Business, in the company's words

opening of Item 1 of the 10-K received Mar 10, 2026

is a patient-centric, direct-to-patient healthcare company providing a high-quality, cost-effective, and convenient way for patients to access virtual medical care and pharmacy services. We believe the traditional healthcare model requiring patients to visit a physician's office, travel to a retail pharmacy, and return for follow-up appointments or prescription refills is complex, inefficient, and costly which can discourage individuals from seeking necessary medical care and medications. At the same time, the United States ("U.S.") continues to experience shortages in primary care key specialty areas.
