## Business, in the company's words

*opening of Item 1 of the 10-K received Feb 17, 2026*

We are a world-class producer and exporter of high-quality, low-cost coals, including metallurgical and thermal coals. We play an essential role in meeting the world's growing need for energy, steel, cement and other infrastructure solutions. Our products have global access due to our ownership interests in two marine export terminals and access to several other third-party owned terminals. We and our predecessors have been mining coal, primarily in the Appalachian Basin, since 1864.
