Business, in the company's words

opening of Item 1 of the 10-K received Mar 11, 2026

We are a clinical-stage biotechnology company committed to a bold mission: to discover, develop and deliver potentially curative therapies that address the underlying drivers of heart disease. Heart disease remains the leading cause of death in the world. In the U.S., one person dies from a cardiovascular-related health condition every 34 seconds, a gruesome statistic that translates to one in every three deaths in the U.S each year.
