Business, in the company's words

opening of Item 1 of the 10-K received Mar 12, 2026

GoPro helps the world capture and share itself in immersive and exciting ways. Our cameras, mountable and wearable accessories, subscription and service, and implied post contract support have generated substantially all of our revenue. We sell our products globally through retailers, distributors, and on GoPro.com. Our product offerings include cameras, mounts and accessories, lifestyle gear, applications, and subscription and services. In recent years, we have seen increased competition with new product offerings that address either new markets or solutions, which has resulted in market share loss.
