Business, in the company's words

opening of Item 1 of the 10-K received Mar 16, 2026

Because of the interrelation of the products and services offered in each of our segments, we generally do not designate our properties to either segment. With limited exceptions, each property is used at least in part by both of our segments, and we retain the flexibility to make future use of each of the properties available to each segment. We believe that our existing properties are suitable and adequate for our current needs. We will continue to assess our facilities requirements as part of normal business operations.
