Business, in the company's words

opening of Item 1 of the 10-K received Jun 29, 2026

We are a medical device company focused on the design, development, and commercialization of innovative insulin pumps using modernized technology to increase pump adoption in the diabetes marketplace. Through the creation of an innovative two-part patch pump, we seek to fundamentally alter the trade-offs between cost and complexity and access to the higher standards of care that presently require considerable motivation from the patient to use the available insulin pump offerings.
