- Governmental Regulation" in this Annual Report on Form 10-K for the year ended December 31, 2025. Uncertainties with complex U.S. federal, state and local and foreign procurement laws and regulations of governments could cause us to incur costs, which could have a material adverse effect on our business, financial position, results of operations and cash flows. We have entered and will enter into contracts with U.S. federal, state and local governments and foreign governments. This subjects us to various statutes and regulations applicable to companies doing business with governments, including the Federal Acquisition Regulation ("FAR").
