Groupon is a global scaled two-sided marketplace that connects consumers to merchants. Consumers access our marketplace through our mobile applications and our websites, which are primarily localized groupon.com sites in thirteen countries. We operate in two segments, North America and International, and in three categories, Local, Goods and Travel. See Item 8, Note 19, Segment and Geographical Information, for additional information. Revenue is earned through transactions during which we generate commissions by selling goods or services on behalf of third-party merchants.
