Business, in the company's words

opening of Item 1 of the 10-K received Mar 9, 2026

We are redefining the aerospace industry. We have developed an electric aircraft platform and propulsion systems that are positioned to transform the aviation industry forward into a new phase of growth. We design, manufacture and sell high-performance electric aircraft, advanced electric propulsion systems, charging systems and components. Further, we have invested in the underlying infrastructure of this breakthrough technology, which is critical to bringing electric aviation to life. We believe we have developed a differentiated presence in North America and are well positioned to expand globally.
