Business, in the company's words

opening of Item 1 of the 10-K received Feb 24, 2026

We incorporated in the State of Nevada on May 2, 2011, and are presently based in the County of San Diego, California. We are a clinical stage biopharmaceutical company focused on the development and commercialization of therapeutics that target lipid-signaling modulation pathways, including the endocannabinoid system (the "ECS"), a network of receptors and neurotransmitters that form a biochemical communication system throughout the body. Our product candidate pipeline broadly leverages leading scientific methodologies and balances risk across mechanisms of action and stages of development.
