Business, in the company's words

opening of Item 1 of the 10-K received Feb 24, 2026

We are a clinical-stage biotechnology company dedicated to improving the lives of patients suffering from debilitating and life-threatening diseases. Through our PROteolysis TArgeting Chimera, or PROTAC, protein degradation platform, we are pioneering the development of a new class of therapeutics designed to harness the body's own natural protein disposal system to selectively and efficiently degrade and remove disease-causing proteins. We have designed and optimized our proprietary PROTAC Discovery Engine for the discovery of PROTAC therapeutics to address diseases caused by abnormal proteins or aberrant protein expression.
