Business, in the company's words

opening of Item 1 of the 10-K received Mar 12, 2026

Our mission is to provide simple useful services that help people unlock the power of the Internet. We accomplish this by reducing the complexity of our customers' experience as they access the Internet (at home or on the go) and while using Internet services such as domain name registration, email and other Internet related services. We are organized into three operating and reporting segments - Ting, Wavelo, and Tucows Domains. Each segment is differentiated primarily by their services, the markets they serve and the regulatory environments in which they operate.
