Business, in the company's words

opening of Item 1 of the 10-K received Feb 13, 2026

Our Company was incorporated in Delaware in October 1986 as Terex U.S.A., Inc. Since that time, we have changed significantly, and much of this change has been historically accomplished through acquisitions and managing our portfolio of companies by divestiture of non-core businesses and products. Today, Terex is a global industrial equipment manufacturer of materials processing machinery, waste and recycling solutions, mobile elevating work platforms (MEWPs), and equipment for the electric utility industry. We design, build and support products used in maintenance, manufacturing, energy, waste and recycling, minerals and materials management, construction, and the entertainment industry.
