Business, in the company's words

opening of Item 1 of the 10-K received Feb 11, 2026

At the state level, multiple states have passed, are pursuing or are considering government action via legislation or regulations to change drug pricing and reimbursement (e.g., establishing prescription drug affordability boards, implementing manufacturer mandates tied to the Federal Public Health Service Act drug pricing program, etc.). Some of these state-level actions may also influence federal and other state policies and legislation. Given the current uncertainty surrounding the adoption, timing and implementation of many of these measures, as well as pending litigation challenging such laws, we are unable to predict their full impact on our business.
