Business, in the company's words

opening of Item 1 of the 10-K received Feb 25, 2026

Our business is transforming healthcare by empowering the primary care physicians ("PCP") to be the agents for change in the communities they serve. We believe that PCPs, with their intimate patient-physician relationships, are best positioned to drive meaningful change in quality, cost and patient experience when provided with the right infrastructure and payment model. Through our combination of the agilon platform, a long-term partnership model with existing physician groups and a growing network of like-minded physicians, we believe we are poised to revolutionize healthcare for seniors across communities throughout the United States ("U.S.").
