opening of Item 1 of the 10-K received Mar 20, 2026

We are a biopharmaceutical company focused on the development and commercialization of innovative cardiovascular medicines. Our approved product CARDAMYSTTM (etripamil) nasal spray is available in the United States and is the first and only FDA approved self-administered treatment for use by patients anywhere, anytime an attack of PSVT occurs. We continue to seek, either directly or through collaboration with our partners, marketing approval from regulatory agencies responsible for regions outside the United States. We are also developing etripamil for the indication of atrial fibrillation with rapid ventricular rate, or "AFib-RVR.
