## Business, in the company's words

*opening of Item 1 of the 10-K received Dec 12, 2025*

Applied Materials, Inc. is the leader in the materials engineering solutions used to produce virtually every semiconductor in the world. Semiconductors provide the foundation for advances in technology that are reshaping the global economy, including artificial intelligence, the internet of things, robotics, electric and autonomous vehicles, and clean energy. We are experts in the design, development, production, and servicing of the critical wafer fabrication tools our customers need to manufacture semiconductors.
