Business, in the company's words

opening of Item 1 of the 10-K received Mar 6, 2026

is an AI technology company headquartered in Boulder, CO that is reinventing how consumers engage with audio through the development of its faidr app-an industry-first audio platform, which utilizes proprietary AI technology to personalize and customize both radio and podcast listening experiences-and the Discovr Radio platform, a web-based portal that allows artists and record labels to promote users to listen to AM/FM radio stations without unwanted commercial breaks. The app replaces these ad breaks in real time with songs supplied by Discovr Radio, giving artists exposure on mainstream airwaves.
