Business, in the company's words

The business and the industry in which biote Corp. (inclusive of its consolidated subsidiaries,"Biote" "we," "us," or "our") operates is subject to a high degree of uncertainty and risk due to a variety of factors, including those described in the section titled "Risk Factors" and elsewhere in this Annual Report. These and other factors could cause results to differ materially from those expressed in the estimates made by independent parties and by Biote. We operate a high-growth practice-building business within the hormone optimization space.
