Sector percentile at each rescan, stronger toward the top; facts filed by each date only.

Business, in the company's words

opening of Item 1 of the 10-K received Mar 30, 2026

We are a leading provider of engineering, installation and maintenance services for mission-critical systems in buildings. We believe that providing integrated solutions for engineering, installing and maintenance of mechanical, electrical and plumbing ("MEP") systems results in lower total cost, fewer change orders and faster turnaround times for our clients and higher win rates, better customer retention, incremental margin and more recurring revenue for us. We focus on high-growth sectors that have technically demanding buildings, including technology, life sciences, healthcare and education.
