Business, in the company's words

opening of Item 1 of the 10-K received Aug 19, 2026

", sales to Walmart and Target represented a majority of such sales to our five largest customers. There can be no assurance that all significant customers will continue to purchase our branded or private brand products in the same quantities, same product mix or on the same terms as in the past, particularly as increasingly powerful retailers demand supplier diversification, lower pricing, different packaging, larger marketing support or payments for retail space, establish private brands or request other terms of sale which negatively impact our profitability or sales. We have recently made equipment purchases to, among other things, better serve our most significant customers.
