## Business, in the company's words

*opening of Item 1 of the 10-K received Mar 19, 2026*

Relmada Therapeutics, Inc. (Relmada, the Company, we or us) (a Nevada corporation), is a publicly traded, clinical-stage biotechnology company. We substantially redesigned our development programs following a comprehensive strategic review in late 2024 and early 2025. We concluded in our review that the most promising path to create shareholder value was to lever our extensive drug development expertise and clinical operations capabilities by acquiring new development candidates, while terminating further work on esmethadone (d-methadone, dextromethadone or REL-1017).
