Business, in the company's words

opening of Item 1 of the 10-K received Feb 27, 2026

-Competition." Similarly, currency fluctuations could adversely affect demand for U.S. steel. Downturns and disruptions in the global economy and financial markets have had, and could in the future have, a material adverse effect on the demand for and price of coal, which could have a material negative effect on our sales, costs, margins and profitability and ability to obtain financing. Downturns and disruptions in the global economy and financial markets have from time to time resulted in, among other things, extreme volatility in securities prices, severely diminished liquidity and credit availability, rating downgrades of certain investments and declining valuations of others.
