Business, in the company's words

opening of Item 1 of the 10-K received Nov 20, 2025

Many of these companies are international in scope, larger than us, and have greater financial resources, name recognition, and larger technical staff. Merger and acquisition activity is widespread in our industry and could result in the emergence of companies which are better able to compete against us. Substantial resources could enable certain competitors to initiate severe price cuts or take other measures in an effort to gain market share. In addition, we may be unable to compete for the limited number of large contracts because we may not be able to meet an RFP requirement to obtain and post a large performance bond.
