Business, in the company's words

opening of Item 1 of the 10-K received Sep 29, 2025

advanced optical instruments since 1982, and we operate primarily in two key market segments: medical devices and advanced defense/aerospace products. Within our proprietary optical and imaging technology, our unique custom designs, expert manufacturing capabilities, and advanced engineering and development capabilities have generated traditional endoscopes and endocouplers, digital imaging endoscopes using CMOS sensor technology, some designed and manufactured for single-use, as well as other, more advanced, custom imaging and illumination products for our customers' use in minimally invasive surgical procedures.
