Business, in the company's words

opening of Item 1 of the 10-K received Feb 26, 2026

We are a global leader in biosimulation science, technology, and consulting services for using Model-Informed Drug Development ("MIDD") in the global biopharmaceutical and biotech industry. MIDD is an approach that utilizes biological and statistical models derived from preclinical, clinical, and evidence data to inform decision-making in drug research and development, and commercialization. Biosimulation is a critical component of MIDD that uses computer-aided mathematical simulation of biological processes and systems to understand the action of a drug in a human body or a population of humans.
