GWRI is a water resource management company that owns, operates, and manages thirty-nine water, wastewater, and recycled water public utility systems in strategically located communities, principally in metropolitan Phoenix and Tucson, Arizona. We seek to deploy an integrated approach, referred to as "Total Water Management." Total Water Management is a comprehensive approach to water utility management that reduces demand on scarce non-renewable water sources and costly renewable water supplies, in a manner that ensures sustainability and greatly benefits communities both environmentally and economically.
