Business, in the company's words

opening of Item 1 of the 10-K received Sep 25, 2026

We are a clinical-stage biopharmaceutical company developing oral fixed-dose combination therapies and psychedelic-assisted treatments for serious chronic conditions. Our principal development priority is IHL-42X for obstructive sleep apnea. We are also evaluating the next clinical development plan for PSX-001 in generalized anxiety disorder and the potential for further development of IHL-675A in inflammatory conditions. Our aim is to offer patients additional treatment options where existing care does not adequately meet their needs.
