Business, in the company's words

opening of Item 1 of the 10-K received Mar 19, 2026

Cybersecurity is indispensable to our digital way of life, with millions of cyberattacks resulting in trillions of dollars in damages. We are in the midst of a generational shift in cybersecurity, ushered in by the ongoing digital transformation of the enterprise and the rise of AI. Attacks can inflict damages that span operational disruption, leadership change, loss of customer trust, and intellectual property theft, among others. The persistence and speed of cyberattacks clearly shows that there is a long way to go from here.
