Business, in the company's words

opening of Item 1 of the 10-K received Mar 30, 2026

The Company intends to vigorously defend these claims. While the Company believes these claims to be without merit, the Company's obligation to litigate or otherwise fight these matters may take time, effort, and resources away from the Company that might otherwise be used in pursuit of furthering its business plan. Such a diversion of our limited resources could result in further delays to commencing production and our production goals.
