Business, in the company's words

opening of Item 1 of the 10-K received Feb 27, 2026

We are a leading home and community-based healthcare services platform, focused on delivering complementary pharmacy and provider services to complex patients. We have a differentiated approach to care delivery, with an integrated and scaled model that addresses critical services that the highest-need and highest-cost patients require. With a focus on Senior and Specialty patients, which includes Behavioral populations, our platform provides pharmacy and provider services (both clinical and supportive care in nature) in

lower-cost home and community settings largely to Medicare, Medicaid, and commercially-insured populations.
